**Make this summer the turning point in your career.
We are Developing the Goalkeepers of Tomorrow.**

SGA Founder Returns As World Champion

After 37 years, I still have not forgotten the first time I played in goal and made my first save. My life is goalkeeping. SGA was created to educate and inspire goalkeepers at all levels. I have researched the art of goalkeeping for over 30 years and have a deep belief in the methods created at SGA. SGA kicks off 2007 with renewed purpose and spirit. After great accomplishments in 2006, our staff is ready to meet even higher standards. Our passion and commitment to goalkeeper training and education remains unchanged.

SGA has earned its reputation as the most trusted name in goalkeeper development. In our pursuit to help goalkeepers, we have explored ways to develop and achieve greater performance. My unique European experience, combined with American ingenuity, has made SGA the global resource in goalkeeper training and education.

Session by session, step by step you will learn the SGA principles of professionalism, enthusiasm, and dedication. These are adjectives that fit SGA like a glove. It's no wonder why SGA is at the forefront of goalkeeper development. We accomplish this by honoring the past and present, which builds a bridge to the future.

That is the SGA difference.

Yours in goal,

Dan Gaspar

Junior Champions

Co-ed: Ages 11 and younger (Day Only) Level: Fundamental

SGA will guide young developing goalkeepers every step of the way by developing proper building blocks for successful goalkeeping. This curriculum is based on the traditional SGA program that focuses on technique in a fun and positive learning environment. The Junior Champions program is for those goalkeepers who are experiencing their first formal introduction to the art of goalkeeping.

Senior Champions

Co-ed: Ages 12 and older Levels: Fundamental to Intermediate

This is SGA's core program. It is devoted to refining the psychological approach, technical proficiency, tactical awareness and physical ability of goalkeepers. Designed for students learning the basic components of goalkeeping to the more developed goalkeepers, beginners will master all the components needed to succeed and advanced students will refine their skills in a more-demanding structure. You will return to your team and coach with improved abilities and performance. Students will be divided into training groups by proficiency to ensure maximum benefit.

Female Champions

Females only: All ages

Levels: Fundamental (Day), Intermediate, Advanced & Elite Premier Academy

SGA is proud to be a pioneer in female goalkeeper training and education. To meet the unique needs of female goalkeepers the SGA staff has conducted research and collected data on how to best improve the female goalkeeper. We have constructed a specialized program to serve this purpose, encompassing all SGA programs.

This program is only offered at The Westminster School in Simsbury, CT the week of July 8-12.

"The SGA Elite Premier Program was absolutely amazing. Dan Gaspar's international knowledge and heart for the game gave us a great insight into what it is like at the college and professional level. He brought the best training "Toys" equipment out. He knew when to push us and when to relax. No camp out there can beat it".

Much respect, Gavin Dawson
